

You will need two fabrics for this block. The first is a white on white and the second a pastel, either solid or in a small print of your choice.

- 1) From the white on white, cut an 11 inch block.
- 2) Using the dress stencil, cut a piece from the pastel.
- 3) Appliqué the dress to the background, using a buttonhole stitch in a matching thread.
- 4) Embellish as desired.

Note: These directions are for machine appliqué.
