

**Crosstown Quilters BOM Raffle Block**  
**Applique House Block**  
**Due 1<sup>st</sup> Meeting of January 2023**

Background – cut a 10-1/2 inch block from WHITE or WHITE ON WHITE fabric

House piece colors: BLACK roof, RED door, RED chimney, YELLOW window. The main house is your choice but please use a medium to dark SOLID or TONE ON TONE.

*Use a blanket stitch with **matching** colored thread to sew the pattern pieces onto the background block, centering the house on the background block.*

You can use a backing like Heat 'n' Bond Lite to adhere your pieces to the background before you sew, but it is not strictly necessary.

Be sure to slip the chimney piece and the main house piece slightly under the roof piece before you stitch. This is indicated by the dotted lines on the pattern/template.

When finished, there should be about 1-1/2 inches of background on each side of the house and 2-1/4 inches of background below the lower edge of the house and above the top of the roof.

If you do not have the pattern/template, here are the sizes of the pieces, in inches:

House block is 7-1/2 wide by 4 tall

Roof is 8-1/2 at bottom, 4-1/2 at top and 2 tall

Door is 2-3/4 high by 1-1/4 wide

Window is 1-3/8 inches square

Chimney is 1 inch square
